O. C. BARBER

Has Returned Home.

Well Pleased With His European Trip.

Mr. O. C. Barber, president of the Diamond Match company, returned to his home in this city, Friday morning, from Paris. He sailed for Europe April 15, and toured England, Germany, Scotland and France. Prior to sailing for the United States, Mr. Barber spent two weeks at the Paris exposition.

In conversation with a reporter for the Democrat, Mr. Barber said: "I have no other journeys in view, and will remain at home for some time. Business affairs connected with the Diamond Match company were never in better condition. Everything goes well, and nothing new in the line of improvements or additions are being contemplated."

ENJOYED THE TRIP.
"I enjoyed my trip very much, and my health is good. Business industries in the countries I visited are flourishing."

Speaking of the Paris exposition, Mr. Barber said: "It is a grand show, and the exhibits of the various countries indicate marvelous progress in achievements in all lines of art, science and mechanism. I was much impressed with the grandeur and magnificence of everything connected with the exposition."

"How do the American exhibits compare with those of other countries?" was asked.

"Oh," exclaimed the Match King, "the United States leads them all."

INDUSTRIES FOR BARBER.
Mr. Barber said that, while he had nothing definite to say in reference to new industries for Barber, he, nevertheless had in view several new plants.

"I always have in view new plants for Barber," he said, "but I feel confident that I may really be able to secure some new industries during this year."

LENIENT WITH HOSPITAL.
When spoken to in reference to his offer to the City hospital authorities of an endowment fund of \$100,000, providing the present debt of \$15,000 were paid by July 15, Mr. Barber said:

"I have been informed that the debt has not yet been paid, and that there is little possibility of its being paid by July 15."

"I feel very friendly toward the hospital, and will not take snuff judgment concerning the efforts of Akron's citizens in its behalf. But I do feel that the citizens of this city should be able to secure \$15,000 by subscription when I am willing to donate an endowment fund of \$100,000."

WILL EXTEND THE TIME.
"I am acting in good faith in the matter, and would like to see the hospital prosper. I shall not alter the conditions of the offer so far as they relate to the payment of the debt. The debt must be paid before the endowment fund is presented, but I shall extend the time limit for paying the debt to such reasonable period beyond July 15 as may be convenient to the hospital authorities."

Census Supervisor H. A. Kasson and his corps of clerks are daily coming against some propositions in the enumerator's returns.

Every paper is carefully scrutinized wherever needed, the information is bolstered up to agree with common sense and reason. Blunders seem to be numerous and some ludicrous answers are found to Uncle Sam's questions.

It appears easy to properly record a man's occupation, but the census takers have made woefully hard work of it and all sorts of answers have been sent in.

One man would have it known that he is a "lively man all around," while the word "chairs" explains the position held by another. One's occupation is a "husker" and another supposedly happy creature is recorded as a "bridegroom."

The words "Twins" is placed opposite the name of one, while the occupation of a young maiden, no doubt a pretty girl, is given as "driver of a brewery wagon." Two men, who evidently work in a steel mill, are engaged in "opening sheets" and "picking sheets," while another is an "electric crane."

One man has an unusual job. He is engaged in being an "imbecile." Another is a "lofer," and one a "sacred minister." The reports show that there is a "fatherer" in Uncle Sam's domain, as well as a "spectator" and a "partner."

One citizen of this country is a Pro-8-Ro-Zot, which being properly and correctly translated means, proprietor of a summer resort.

New Store.
A. A. Besaw and A. E. Royer returned Thursday from Cleveland. They have been selecting a stock of goods for their new picture and frame store. It will be located at 254 S. Main st., and will be opened Aug. 10.

TIRED OF LIFE.

Young Married Woman Purchased a Deadly Drug.

A well-dressed woman, 25 or 30 years of age, created a scene on S. Howard st., at 3 o'clock Friday afternoon.

The woman purchased an half-ounce of chloroform at Lamparter's drug store. She said she wanted it for the tooth ache. She left the store and met her husband on the sidewalk. A heated conversation followed. She was heard to say that she was a worthless fellow and that she had the stuff to end her life. "On account of my folks, I hated to do it," said the woman, "but I can't stand it any longer."

At this, she started for a south bound car and the drug clerk, who had been attracted to the doorway, pursued her. As the car stopped, he grabbed the bottle from her hands and smashed it to the pavement. The names of the parties could not be learned.

FARMER

Thought the Government Had No Right to Know.

United States Marshal Keady of Cleveland was in Akron Friday. He subpoenaed Major Kasson as a witness before the United States court. The case will be heard in Zanesville July 13.

The case is brought in the Southern Ohio district and a farmer who refused to answer the questions of a census enumerator is the defendant.

Pleaded Guilty.

Cambridge, O., July 6.—(Sp.)—Dwight Cooper, aged sixteen, arrested at Big Springs, Tex., charged with forgery of a check for \$100 on the Cambridge Central National bank, pleaded guilty today and was sentenced to the Mansfield reformatory until of age. John Harper, charged with bigamy, pleaded guilty today and was sentenced to one year in the penitentiary.

Pleasure Seeker Hurt.

Mr. L. M. Simpson was taken to the City Hospital late Thursday night, with severe injuries to his head. While in bathing, Simpson was struck by a toboggan. He was unconscious for three hours. It was feared that his skull was fractured. Mr. Simpson was improving Friday. He had been in Akron but a month. He lives in Scranton, Pa.

Bennie's Gratitude Short Lived.

Bennie Myers, for whom a good home was secured in this city by Chief Harrison and Prisonkeeper Washer, showed a lack of appreciation of kindness early Thursday morning, by running away from his new home. He took with him a lot of new clothes purchased for him by Mrs. John A. Goodwin, of Cuyahoga Falls ave., with whom he lived. Bennie was arrested in Akron a week ago on a charge of vagrancy. He is aged 14 years.

Collision.

South bound passenger train No. 528, on the C. & A. C. collided with a freight at Kilbuck Thursday afternoon. Engineer Osgood jumped and was not injured. Both engines were wrecked.

Mr. Perkins Better.

Mr. Henry Perkins is improving. He has been removed to the old homestead on Perkins Hill. His voice has been partially recovered.

At Cape Nome.

Cornelius Hallinan, Michael Riley and John Cook have arrived at Cape Nome, Alaska. A letter which reached Akron today announced their safe arrival.

The beautiful young lady who swiped three umbrellas at Silver lake, July 2nd, had best return them, as she is known.

ON ERROR.

Case Goes Higher.

Three Claims Made by Attorney Voris.

Expects New Trial For Gideon Carr.

Yerrick's Damages Will Not be Paid

Until Supreme Court Has Decided—Court House News.

Attorney E. P. Voris announced Friday that he would carry the Carr case to Circuit court on error.

He believes that he will be granted a new trial. It will be claimed that there was error in several of the rulings of the lower court. Special stress will be laid on the Court's refusal to allow Attorney Rogers to appear as counsel for the defendant. Another point that will be raised is the ruling out of the testimony offered by the defense in reference to the right of the Hulls on the Carr property. The defense sought to show that the Hulls were trespassers. The Court held that the evidence was not admissible. During the trial the defense sought to show that some of the testimony for the State should not be credited. The Court refused to permit the examination of any witnesses to impeach the testimony of the Hull character witnesses. It is claimed that there was error in this. The petition in error will be filed in Circuit court as soon as a bill of exceptions can be prepared.

LAST RESORT.
A petition in error has been filed by the Whitman & Barnes Manufacturing company in the Supreme court, to have the judgment given Harvey Yerrick set aside. The verdict was affirmed in Circuit court.

TO ASSESS DAMAGES.
The city has filed a petition in Probate court asking that a jury be called to assess damages because of the Canal st. improvement.

APPEAL CASE.
In the case of A. Kinzel against Virginia Sperry, Kinzel appealed to the court of Common Pleas. Mrs. Sperry having won the case on the trial before Justice of the Peace Campbell.
